

AN OBSERVATION PROJECT BY HUIYING

Colours

Colours In The Moment.

2022

"Anything around us could provide us wonderful colour and colour combinations."

- David Hornung

We frequently consider our surroundings as mundane parts of our ordinary lives and tend to overlook them. However, if we give ourselves some time to slow down and truly observe our surroundings, we will realise that nature, and those everyday objects are the best sources of inspiration and could provide us stunningly beautiful palettes. Hence, this project is an observation project that allows me to explore and be more mindful of the colours that exist in my surroundings. Through the project outcomes of an exhibition and publication, I wish to convey the message that by paying more attention to your surroundings, you'll discover a lot of unexpected surprises!

Come meet me
in the sky,
I'll be waiting you.

And we can't hear
what they say
Up in my air balloon.
